Distribuidora de Aceites Mexicanos Aceimex, S.A. de C.V.  
Av. De las Torres No. 98  
Colonia Independencia, 54900

Dear Ing. Ruíz López

We have reviewed the fluid properties and the 35VQ25 test results on Hidrolub ISO 32. A blend of 0.60% wt. HiTEC 523 and 0.010% wt. PC1844 in 42.74% wt. PEMEX 250N and 56.65% wt. PEMEX 100N API GI base stock.

It is our opinion that Hidrolub ISO 32, meets the anti-wear requirements of the hydraulic fluid recommendations for Vickers products according to Brochure 03-401-2010.

Sincerely

Thelma Marougy  
Lubricant Specialist  
Eaton Hydraulic Operation
